Title: REPRODUCING SYSTEM EXECUTIONS

COMMUNICATION REGARDING NOTICE OF NON-RESPONSIVE AMENDMENTCommissioner for Patents  
Washington, D.C. 20231

The Notice of Non-Responsive Amendment mailed December 19, 2002, indicated that the reply filed on October 8, 2002, is non-responsive to the prior office action, mailed August 14, 2002, because of the following: Applicant has failed to particularly point out the specific distinctions believed to render the claims patentable over the applied references, and Applicant should submit an argument under the heading "Remarks" pointing out disagreements with the examiner's contentions.

Applicant believes that the Amendment and Response Under 37 CFR 1.111 that was previously filed on October 8, 2002 does point out the specific distinctions believed to render the claims patentable over the applied references and includes a "Remarks" section pointing out disagreements with the examiner's contentions. A copy of the Amendment and Response is included with this communication.

It is believed that no further submissions or fees are presently due. However, if additional fees are deemed to be due, they may be charged to Deposit Account No. 19-0743.

Respectfully submitted,

KIRAN A. PADWEKAR
